

Exercise Sessions in Intermediate Econometrics SS 2011

General information: The first exercise session will start in the second week of the semester and will take place on May 10, 2011 in HS 3118.

In general, the exercise sessions will take place either in the classroom (Classroom session) or in the lab (PC session). Please note the limited place availability in the PC pool. Therefore, in the case of PC sessions the course participants are requested to divide themselves into two groups. The lab session for one group will take place at the usual time (Tue., 14:15-15:45). For the second group the lab session will take place on Wed., 8:30-10:00. Please note that in the two groups the same problem set will be solved and discussed. For further information, see the time plan below.
