The Chair of Statistics and Econometrics (chaired by Prof. Dr. Roxana Halbleib) at the Albert-Ludwigs-Universität Freiburg is looking for a

**Doctoral Candidate (75% TV-L E13)**

starting with **October 1st, 2021 or later** in the area of **Financial Econometrics.**

The successful applicant needs to have (or she/he is about to have in a foreseeable future) a master (or comparable) degree in Statistics, Econometrics, Mathematics or Data Science and very good knowledge in *econometrics, financial econometrics, statistics, stochastics* and/or *time series* as well as in *empirical analysis.* Proficiency in a programming language and in English is obligatory, while proficiency in German is not required, but advantageous. The successful candidate will contribute to the research of the chair in financial risk modeling and forecasting using high-frequency financial data. The teaching duty is 3 course hours (3 SWS) per week.

The University of Freiburg is an equal opportunity employer. Candidates must already be authorized to work in Germany.

Interested candidates are invited to send an application including a CV with education details, a letter of motivation (including a brief description of specific expertise and statement of research interests), academic transcripts and certificates as well as the names of two referees by email to conny.hupfer@vwl.uni-freiburg.de until **September 15th, 2021.**
